2016 DISTRIBUTION OF LICENCE FEES FROM PRE-SCHOOLS

June 2016

The 2016 distribution of licence fees from pre-schools is based on:

- historical surveys of pre-schools about the content they use under the licence; and
- 'indicative data' about content that is available for use by pre-schools under the licence.

The distribution is for text only. A portion of the licence fees attributable to use of images is being distributed as part of the 'combined' distribution of licence fees for images from multiple sources.

The total amount distributed is approximately $80,000.

We allocated the licence fees by:

1. Apportioning the licence fees into 'pools' for books and journals;
2. Identifying the best currently available sources of data for each pool; and
3. Selecting data from each source

The sources of data were:

Books	1. titles that libraries have lent to, or copied for, pre-schools; and
	2. titles held in libraries, and titles listed in Copyright Agency's database, that have similar subject matter to titles:
	o lent to, or copied for, pre-schools; or
	o recorded in past surveys of usage in pre-schools.
journals	Titles in Copyright Agency's database with similar subject matter to:
	• titles that libraries have lent to, or copied for, pre-schools; and
	• titles recorded in past surveys of usage in pre-schools.

SHARING PAYMENTS
We send recipients a payment summary and a payment spreadsheet with each payment. If there is information on the spreadsheet that identifies a publication or work and an obligation to share the payment, then you should share that payment in accordance with your contractual obligations. You are not required to share with rightsholders of images, however, given that there will be a separate distribution for images.
